**Facemount - Metallic Pearl**

Prints are mounted to sheets of acrylic providing the optimal visual effect. Facemount acrylics are floating, in that they are positioned away from the wall by a square attachment, well away from the edge of the picture and thus invisible from normal viewing angles. The facemount option uses slickrock metallic pearl paper and is covered with 3 millimetres of Plexiglas and a CBar mount.

*I accept most credit cards, Paypal, or Interac e-Transfer payments.*

*A 50% deposit is required at the time of booking. Prices exclusive of GST and PST where applicable.*

*My price structure reflects my belief that it is important to ensure clients know right up front how much a photography session will cost and what their options and costs are for additional services. Separating the photography session from the printed products allows for maximum flexibility and transparency towards clients. If you print out this price list and present it to me after prices have increased, I will honour the old prices. Extended sessions available upon request. Session discount for seniors or senior pets.*
